

Timothy Jones, RA, LEED AP
Senior Project Architect

A graduate of the Massachusetts Institute of Technology's School of Architecture, Timothy Jones (TJ) has more than fifteen years of experience with educational, civic, corporate, and residential projects. TJ is skilled in both conceptual design, technical documentation, and all phases of architecture from schematic design through construction. He is experienced as both a Project Manager and Project Architect for new buildings, as well as renovation and restoration projects. His portfolio includes work in New York City for residential developments, public school facilities, libraries, and historic buildings.
